EXPERIENCE

CORE LABS AGENCY, Remote— *Frontend developer*

August 2023- December

- Built several websites as the sole frontend developer to clients requirements and industry trends.
- Collaborated with agency stakeholders to decide the best direction on projects.

QATALOOG, Remote— *Frontend developer*

June 2023- present

- Inherited and led the frontend of the main project and three sub projects
- Redesigned the architecture of all projects, reducing user side inconsistencies and churn rate.
- Improved UX, resulting ina 32% increase in user acquisition.
- Organised the workflow of the frontend engineering team.

CREDPAL, Hybrid— *Frontend developer*

June 2022- May 2023

- I was part of the frontend development team that rebuilt the company website, increasing user experience and customer outreach with improved SEO using Nuxt's SSR capabilities.
- Built the frontend architecture for a customer and client side CRM to improve customer retention by 25%.
- Worked with a team of engineers to design and implement a user-friendly interface that would make it easy for customers to interact with the CRM system.
- Conducted the Standard scrum ceremonies i.e Standup, Review and retrospective.
